PAYROLL GUIDE

TechNova Solutions Pvt. Ltd.

Effective: July 2026

Salary Structure

The **Salary Structure** framework is essential to TechNova Solutions' commitment to fair, transparent, and timely compensation. This section details the operational procedures, compliance requirements, and administrative guidelines governing this component of our payroll system.

Article 1: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Salary Structure.

- **Provision 1.1:** This provision establishes the regulatory and procedural framework for Salary Structure. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.2:** This provision establishes the regulatory and procedural framework for Salary Structure. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.3:** This provision establishes the regulatory and procedural framework for Salary Structure. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.4:** This provision establishes the regulatory and procedural framework for Salary Structure. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 1.5:** This provision establishes the regulatory and procedural framework for Salary Structure. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.6:** This provision establishes the regulatory and procedural framework for Salary Structure. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.7:** This provision establishes the regulatory and procedural framework for Salary Structure. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 2: Governance and Compliance

Systematic documentation in the HRMIS is mandatory for all transactions related to Income Tax Deductions.

- **Provision 1.1:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.2:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.3:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.4:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for

a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 1.5:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.6:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.7:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 2: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Income Tax Deductions.

- **Provision 2.1:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.2:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for

a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 2.3:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.4:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.5:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.6:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.7:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 3: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and

internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Income Tax Deductions.

- **Provision 3.1:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.2:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.3:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.4:** This provision establishes the regulatory and procedural framework for Income Tax Deductions. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. - **Provision 4.2:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.3:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.4:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 4.5:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.6:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.7:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 5: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Professional Tax.

- **Provision 5.1:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.2:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 5.3:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.4:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.5:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.6:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.7:** This provision establishes the regulatory and procedural framework for Professional Tax. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Provident Fund

The **Provident Fund** framework is essential to TechNova Solutions' commitment to fair, transparent, and timely compensation. This section details the operational procedures, compliance requirements, and administrative guidelines governing this component of our payroll system.

Article 1: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Provident Fund.

- **Provision 1.1:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.2:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.3:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.4:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 1.5:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.6:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.7:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 2: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Provident Fund.

- **Provision 2.1:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.2:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 2.3:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.4:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.5:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.6:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.7:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 3: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and

internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Provident Fund.

- **Provision 3.1:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.2:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.3:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.4:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.5:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.6:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 3.7:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 4: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Provident Fund.

- **Provision 4.1:** This provision establishes the regulatory and procedural framework for Provident Fund. All data inputs must be verified for accuracy by the Payroll Processing Unit. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.2:** This provision establishes the regulatory and procedural framework for Gratuity. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to

facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 5.3:** This provision establishes the regulatory and procedural framework for Gratuity. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.4:** This provision establishes the regulatory and procedural framework for Gratuity. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.5:** This provision establishes the regulatory and procedural framework for Gratuity. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.6:** This provision establishes the regulatory and procedural framework for Gratuity. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.7:** This provision establishes the regulatory and procedural framework for Gratuity. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Bonus Calculations

The **Bonus Calculations** framework is essential to TechNova Solutions' commitment to fair, transparent, and timely compensation. This section details the operational procedures, compliance requirements, and administrative guidelines governing this component of our payroll system.

Article 1: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Bonus Calculations.

- **Provision 1.1:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.2:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.3:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.4:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 1.5:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.6:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.7:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 2: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Bonus Calculations.

- **Provision 2.1:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.2:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 2.3:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.4:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.5:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.6:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.7:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 3: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and

internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Bonus Calculations.

- **Provision 3.1:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.2:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.3:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.4:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.5:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.6:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 3.7:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 4: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Bonus Calculations.

- **Provision 4.1:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.2:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.3:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.4:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 4.5:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.6:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.7:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 5: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Bonus Calculations.

- **Provision 5.1:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.2:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 5.3:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.4:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.5:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.6:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.7:** This provision establishes the regulatory and procedural framework for Bonus Calculations. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Incentives

The **Incentives** framework is essential to TechNova Solutions' commitment to fair, transparent, and timely compensation. This section details the operational procedures, compliance requirements, and administrative guidelines governing this component of our payroll system.

Article 1: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.6:** This provision establishes the regulatory and procedural framework for Incentives. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.7:** This provision establishes the regulatory and procedural framework for Incentives. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 5: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Incentives.

- **Provision 5.1:** This provision establishes the regulatory and procedural framework for Incentives. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.2:** This provision establishes the regulatory and procedural framework for Incentives. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7)

years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 5.3:** This provision establishes the regulatory and procedural framework for Incentives. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.4:** This provision establishes the regulatory and procedural framework for Incentives. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.5:** This provision establishes the regulatory and procedural framework for Incentives. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.6:** This provision establishes the regulatory and procedural framework for Incentives. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.7:** This provision establishes the regulatory and procedural framework for Incentives. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Overtime

The **Overtime** framework is essential to TechNova Solutions' commitment to fair, transparent, and timely compensation. This section details the operational procedures, compliance requirements, and administrative guidelines governing this component of our payroll system.

Article 1: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Overtime.

- **Provision 1.1:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.2:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.3:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.4:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to

facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 1.5:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.6:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.7:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 2: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Overtime.

- **Provision 2.1:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.2:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to

facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 2.3:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.4:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.5:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.6:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.7:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 3: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and

internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Overtime.

- **Provision 3.1:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.2:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.3:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.4:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.5:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.6:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to

facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 3.7:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 4: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Overtime.

- **Provision 4.1:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.2:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.3:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.4:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to

facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 4.5:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.6:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.7:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 5: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Overtime.

- **Provision 5.1:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.2:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to

facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 5.3:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.4:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.5:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.6:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.7:** This provision establishes the regulatory and procedural framework for Overtime. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Payroll Dates

The **Payroll Dates** framework is essential to TechNova Solutions' commitment to fair, transparent, and timely compensation. This section details the operational procedures, compliance requirements, and administrative guidelines governing this component of our payroll system.

Article 1: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Payroll Dates.

- **Provision 1.1:** This provision establishes the regulatory and procedural framework for Payroll Dates. All data inputs must be verified for accuracy by the Payroll Processing Unit. - **Provision 5.7:** This provision establishes the regulatory and procedural framework for Payroll Dates. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Payroll Corrections

The **Payroll Corrections** framework is essential to TechNova Solutions' commitment to fair, transparent, and timely compensation. This section details the operational procedures, compliance requirements, and administrative guidelines governing this component of our payroll system.

Article 1: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Payroll Corrections.

- **Provision 1.1:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.2:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.3:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.4:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 1.5:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.6:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 1.7:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 2: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Payroll Corrections.

- **Provision 2.1:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.2:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 2.3:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.4:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.5:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.6:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 2.7:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 3: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and

internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Payroll Corrections.

- **Provision 3.1:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.2:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.3:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.4:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.5:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 3.6:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 3.7:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 4: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Payroll Corrections.

- **Provision 4.1:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.2:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.3:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.4:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 4.5:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.6:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 4.7:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

Article 5: Governance and Compliance

All payroll personnel and relevant stakeholders must strictly adhere to the standards outlined in this article. Compliance ensures that TechNova Solutions meets all statutory obligations and internal audit standards. Systematic documentation in the HRMIS is mandatory for all transactions related to Payroll Corrections.

- **Provision 5.1:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.2:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of

seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.

- **Provision 5.3:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities. Unauthorized changes to payroll records will lead to severe disciplinary action.
- **Provision 5.4:** This provision establishes the regulatory and procedural framework for Payroll Corrections. All data inputs must be verified for accuracy by the Payroll Processing Unit. Any discrepancies must be reported immediately to the Finance Department. Records must be maintained in accordance with the Data Retention Policy for a period of seven (7) years to facilitate external audits and ensure compliance with tax authorities.
